Rev. Thos. Bottomly will fill Mr. Biddle's pulpit here Sunday.

The Boss Curiosity.

Mr. O. J. Hamby, of the Consolation neighborhood, brought to this city Thursday a six-legged calf which he was going to sell to the circus.

The calf was about 10 months old and in good health. The extra legs grew out of the shoulders and were fully developed. This certainly is the blue-ribbon curiosity for Christian county.

The Circus.

The circus brought the usual crowd to town yesterday. The people came from all directions employing every possible means of locomotion. Early in the day the streets became crowded with sight-seers waiting for the procession.

After the usual delay it came in all the glory of untarnished gilt and tinsel, for it has only been on the road a few days. The performances in the afternoon and at night were fully up to the standard and those who attended went away well pleased with what they saw.

Pleasant Occasion.

Last Monday a most enjoyable reunion was held at the residence of Mrs. Margaret Lacey, two miles from town, the occasion being the 80th birthday of Mrs. Lacey's mother, Mrs. Cassie Allen.

Mrs. Allen has living 5 daughters, 19 grand-children and 20 great-grand-children, many of whom were present on this happy occasion. The venerable "mother" is well preserved, bright and happy, a fit representation of the "good old times" when "gyrls" had some "stamina" about them. May she enjoy many more birth-days.

The note was endorsed in bank by H. W. Reese and made payable to J. E. McPherson Esq., Cashier, for collection by endorsement of the Third National Bank of Louisville.

Gen. Buckner now has about 394 instructed votes and it is pretty evident who the next Governor of Kentucky will be to be.

Mr. T. M. Edmundson is enjoying the delicacy of ripe strawberries which grew in his garden. The early maturity of this fruit is quite a curiosity.

The Indian encampment here had to contend with the weather, since their arrival, only having had one good night. We doubt if they have as yet realized much profit from their stay here.

A protracted meeting will probably begin at the Methodist church the second Sunday in May, conducted by the pastor, Rev. G. W. Lyon, assisted by Rev. J. W. Bigham, of Hopkinsville. —Franklin Favorite.

WANTED—10,000 lbs. of wool. Will pay the highest market price. Call on Wiley & Parker, Ninth street, near depot.

We sometime ago stated that the Confederate monument was erected by the Hallowell Granite Company, of Hallowell, Maine, of which Gov. Boothwell, the present Governor of that State, is president.

The Knights of Pythias decided at their meeting Thursday night to establish headquarters at some convenient location for the unveiling ceremonies, May 19th. A number of visiting Knights will be in the city and it is desired that every courtesy should be extended to them.

The Republicans will hold their primary this afternoon to select delegates to the county convention Monday. It is pretty well settled that Sebrer will be nominated for the Legislature and Lunsford for the Senate, at least, that is about the way the two town precincts will go. There is also a movement on foot to instruct the county for James Breathitt for Lieut. Governor.

C. E. West's embroidery show is quite an event for the ladies just now. It began Thursday and will close to-day. The specimens of work done on the White machine are truly beautiful and the fact that an elegant picture can be wrought on a sewing machine, is something wonderful. Miss Ida Sharp, the expert operator for Cleveland, Ohio, is an artist of rare talent. The show will be transferred to Cadiz, Monday.

Franklin Favorite: Miss Lizzie Doss, who has been troubled with mental affliction for some time, and who has recently become uncontrollable, was tried at her home, near Prices Mill, by the county judge and a jury last Friday, adjudged of unsound mind and sent to the asylum at Hopkinsville. This is said to be one of the most obstinate cases of the kind ever reported in the county. She is twenty-two years old and her family is one of the most highly respected in the county.

20 second-hand walnut wash-stands for sale, cheap. W. T. Cooper, Phoenix Hotel.

Doctors Fairleigh & Blakey, came near taking a "flying trip" Wednesday, as men usually take. They were summoned to Lexington to see Mr. Sam Bransford, supervisor of the L. & N. railroad, who was very ill. They were to go on the switch engine on special time. Dr. F. told the engineer, Mr. Wm. Blescoe, that he could ride as fast as the engine could run, but before the trip was over the doctor was almost convinced that he was mistaken. The distance—31 miles, was made in 43 minutes, which included three stops. In this run from here to Crofton—14 miles was made in 18 minutes. The schedule time for the fast passenger trains over the same fourteen miles is 35 minutes. The gentlemen don't want to make the trip again.

Dr. A. A. Willis, of Louisville, who is kindly remembered by a number of our citizens, has just completed an exquisite oil painting of a scene from memory, of a New Jersey bay farm on an October day. The sketch is a cornfield, with stacks of cut maize standing about and rich, yellow pumpkins thickly interspersed among the weeds and withered leaves of the running vines. A little antique stone house stands close on the shore of the bay, surrounded by trees radiant with their variegated autumnal foliage. Bending over a basket, lined so perfectly that its willow work is plainly discernible, is a farmer bringing corn, and heaping it about the brick with shining ears. Beyond the blue waters of the bay meet the horizon of the misty atmosphere and blend with the darker shade of an island in the distance. The whole sketch is mellowed with the warm colors of an October sky. The picture will be placed on exhibition at Louisville in a few days.

Owensboro is to have a base ball club.

Complaints continue to reach us of the fearful ravages of cut worms on the tobacco plants and corn.

There were six coaches of colored people came in from the South yesterday morning to attend the circus.

The Circle meeting at Kelly's Station to-day, will be attended by a number of prominent Baptists from this city.

The invitations to the distinguished guests who are to be present at the unveiling ceremonies will be sent next week.

Close upon the heels of the circus comes the announcement that the big dry goods house of Metz & Timothy have "busted." They themselves make the confession in a card published on our first page. They have "busted" prices wide open and are offering bargains never before heard of in this section. See what they say about it and then see them about it.

"Clarksville Democrat: Mrs. Mary Trice, widow of the late J. T. Trice who was deputy sheriff, has just won, after a hard legal battle, a handsome fortune from the estate of an uncle in Illinois. Mr. Walker, her uncle, died, having an estate worth \$1,250,000. Mrs. Trice and three brothers brought suit for one-fourth interest of this fine property, and the supreme court of Illinois has just decided the case in their favor. The proceedings for the partitioning of the estate have been ordered. Since her husband's death Mrs. Trice has had quite a struggle to keep together enough to support herself and little daughter, and she is to be congratulated on this stroke of fortune which lifts her far above want. She is an interesting young widow with one child.

A special from Evansville Thursday says: The present rise still continues slowly but steadily. Around the city the water is far beyond its natural confines, and has spread over the bayou and lowlands. The Barrett farm, on the peninsula opposite the city, is composed of some of the finest land in Kentucky. To protect it Mr. Barrett recently built a strong levee in the low parts. Tuesday it was noticed to be weakening, and a large force of men went to work strengthening it, but the work was futile, and yesterday the flood tore through the levee and overflowed the estate. Diamond Island, twenty miles below here, is under water, and much corn which has sprouted is submerged, and will be a total loss. Reports from points between here and Paducah are similar in that part, and a great loss to farmers will be the result of the overflow, as in most instances corn was planted, and the work will have to be repeated when the water subsides.

Found Dead in Jail.

The negro Nelson Smith, who was lying in the Russellville jail, to await his trial at the next circuit court, for the murder of a Mr. Simmons in that county recently, was found dead in the jail there. There are many speculations as to his death. It is supposed that he took poison.

Christian Church.

The protracted meeting that has been going on at the Christian church the past week will continue over Sunday. Mr. Reynolds will preach to-night (Saturday) and to-morrow (Sunday) at 10:45 a. m. and 7:45 p. m. His subject at night will be "Dancing from a Bible Standpoint." Public cordially invited to all services.

Trade Dollars.

The act passed by the last Congress providing for the redemption of the "Trade Dollars" fixed the time in which it should be done, which time, according to our recollection, is about June 1st. "We confess, however, that other branches of finance having occupied our time very closely, we do not remember the exact time. In the meantime while our banks will take them at 95 cents only, the New Era will "accept 'em" in at par until the time is over. So now you want to come right along and pay your subscription with a Trade Dollar, thereby saving the discount. Don't delay, but get out the old stocking, dig up the buried sugar-bowl, hustle around in the old bureau drawer and find that Trade Dollar the table-cloth peepster passed on you and bring it right in to the New Era. You can get the WEEKLY for one of them and TRI-WEEKLY for two and a trade half-dollar. Come in and trade.

Will Close Up.

The undersigned merchants and business men of Hopkinsville in compliance with the request of the Committee of Arrangements for unveiling the Confederate Monument on the 29th of May, and in order that all shall have an opportunity of participating in the exercises of the occasion, agree to decorate their places of business and close their doors from 12 until 4 o'clock p. m. on that day.
